STRATEGY GUIDE

Garage Table:

- Skill Shot: When you launch your ball, try to get it to stop on one of the gates located on the launch ramp. Hitting these targets automatically upgrades all your car parts by 25, 50, or 75 percent (depending on which gate you hit).
- Hitting the ball around the loop at the back of the garage adds points to your Qualifying score on the Speedway table.
- If the Practice light is on, hit the ball under the front of the car to turn on the Keep Driving light. You get your ball back if you drain it while the Keep Driving light is on.
- Hitting the target under the front of the car when the Qualify light is on awards you big points, a bonus, and warps you over to the Speedway table.

Speedway Table

- Hitting the Garage target (the building at the top of the playing field) adds five points to your car's efficiency rating. Hitting it while the Take the Lead light is on starts one of 10 special events that help you score big points.

- Spelling out NASCAR® by hitting all of the drop targets turns on the Take the Lead light.
- Hitting the pit area on the right side of the Speedway turns on the Backfield light. Hitting Turn 2 while the Backfield light is on takes you to the mini-table on the upper left of the Speedway.
- Hitting Turn 1 ten times in a row earns you bonus points ranging from 500,000 to 1,500,000 points.

Pitstop Table

- Head for the Pitstop table whenever you see the Pitstop light on during a yellow flag. Points are magnified by 100, so you can increase your score tremendously while you increase your car's efficiency rating.
- Skill Shot: Launching your ball so that it stops on one of the three gates near the top of the launch ramp is a quick way to increase your car's efficiency rating. The gate closest to the bottom of the ramp scores the most.
- Hitting all of the drop targets (A, B, C, D, and E) turns on the Splash and Go light. When this light is on, hitting the Splash and Go target sets your car to its maximum efficiency rating and sends you back to the Speedway table to continue racing.
